Inventory of Publicly Owned Stockpiles and Natural Aggregate Resources at the Former LTV Mine and Vicinity

Figure 3. The map shows public lands, locations of stockpiles with partial public ownership, and stockpile sites. Public areas are indicated by light yellow stippling. Publicly owned stockpiles located within a public area are depicted in the color of stockpile material. Each stockpile is associated with a photo site, consisting of various aggregate and natural resources collected in the area. The outer border of the map is in 1999. Black coordinates along the perimeter are 1:24,000.
